

Official rule of the Outdoor Club of South Jersey's Photo Contest

Sponsor:

The sponsor of the photo contest is the Outdoor Club of South Jersey (OCSJ)

Purpose of the OCSJ Photo Contest:

The photo contest has no other purpose other than for fun and for fellow members to display their photo skills. It will also showcase field trips and events hosted by OCSJ. Enjoy!

Categories:

There will be five (5) categories to this contest. The categories will be Nature, Scenic, People, Architecture and Sunsets.

Definition of Categories:

Nature - Can be photos of Nature only. No humans, domestic animals, buildings nor anything made by a human can be seen in this category. Example of nature photos are flowers, mushrooms, trees, rocks, insects, birds, wild animals in the wild (not in a zoo). Remember to look at your finished photo in detail. If any part (even a small part) of the photo shows any of the forbidden items in this category, it will not be accepted into this category – no exceptions.

Scenic - This category is more open. Scenic photos are photos of nature whereas most of the photo is of nature, but other elements such as humans, pets, buildings, etc. can be, but doesn't have to be incorporated into the photo. About 2/3 or more of the photo has to be of nature content. Only about 1/3 of the photo can be of other "non-Nature" content. Some examples of scenic photos would be vistas, trails with trees/nature around it, a nature shot with a bridge, a nature shot with someone looking into the vista, etc.

People - This category is for photos of people. The people in the photo don't have to be club members, but it would be preferred. The photo can consist of any number of people from one to many. For example, it can be a photo of a group, an individual, or people with their pet(s). The setting can be any setting as long as the photo was taken during an OCSJ outing.

Architecture - This category is for photos of buildings, bridges or anything with an interesting architecture. People or people with their pets can be included in the photo.

Sunsets/Sunrises - This category can consist of a photo of a sunset or sunrise. There is not restriction as to location, size or whatever else is in the photo.
