

1. OCSJ is a member organization that requires dues. Membership funds pay for insurance and other Club overhead.

2. Paid members can bring a guest with leader approval for 1 time for each type of activity. This includes day trips which charge money.

After the 1 time free activity, the guest must become a paid member in order to participate.

3. Participants on trips which charge money must be members or guests of OCSJ, except where the trip is a joint trip with another club and the participant is a member of that club.
